

Bachelor degree course “Instrumental/ Vocal Pedagogy“

General information

During your studies at the academy of music of the city of Kassel, you will be enabled to gain all the competences, that are needed to be a competent teacher of instrumental and vocal lessons in all common kinds of classes (private,-group-,ensemble- or class teaching) from elementary level up to senior classes.

Thereby artistic and pedagogical proficiency are equal pillars of your academic education. The degree course is designed to last four years and is accredited to the standards of the “Scope of Qualification For German University degrees” from the 21th of April and the “International Structural Standards for the accreditation of bachelor and master courses”. It results in the internationally accepted graduation “Bachelor of Music”.

After having finished your bachelor degree courses at the academy of music of Kassel, you can start a master course all over Europe as well as participate in extra occupational continuing and further education (for further information have a look at **“Module catalogues and syllabi”** on the left hand side).
